

MATERIAL SAFETY DATA SHEET

Conductivity Standard Solution 1410 $\mu\text{mho/cm}$

Product Identification
Product Code
Product use

Conductivity Standard Solution 1410 $\mu\text{mho/cm}$
CRM0008

It is intended to be used as a calibration standard for conductivity Meter instruments & validation of standard method for the determination of the conductivity Value.

Composition /Information on ingredients

Component	Cas no.	Percentage
Potassium chloride	7447-40-7	≤ 1
Deionized water	7732-18-5	>99

Hazards information's

Hazard for normal use	Non-hazardous
May irritate eyes and skin	No Effect
Target Organs	None
Acute Toxicity	No Effect
Chronic Toxicity	No Effect
Medical condition aggravated by Exposure	None

First aid measures

1. Description of first aid measures If inhaled **After inhalation: fresh air.**
2. In case of skin contact: **Take off immediately all contaminated clothing. Rinse skin with water/ shower**
3. After eye contact: **rinse out with plenty of water. Remove contact lenses**
4. After swallowing: **make victim drink water (two glasses at most). Consult doctor if feeling unwell.**

Handling and storage

Wash hands and other exposed areas with mild soap and water before eating. Provide good ventilation in process area to prevent formation of vapor. Keep away from heat and keep container closed.

Physical and Chemical Properties

State	Clear liquid	Odor threshold	No data available
Sensitivity to mechanical impact	None	Specific gravity	No data available
Solubility in water	Soluble	pH	Not determined
Boiling point	No data available	Vapor density	Not determined
Stability and reactivity	The product is stable under recommended storage and handling conditions. No dangerous reactions are expected under normal laboratory use.		

Toxicological Information

No data available

Ecological information

No data available

Disposal condition

Dispose of in a manner consistent Local Regulations.

Transport information

Product is not hazardous for transport.

Other information

The above information is believed to be accurate and represent the best information currently available to us. The Product is offered in accordance with the manufacturers' current production specification and are intended solely for use in analytical testing. The manufacturer shall in no event be liable for any injury, loss or damage resulting from the handling, use or misuse of these products.
