

MATERIAL SAFETY DATA SHEET

Iron Standard 1000 mg/l as Fe⁺⁺

Product Identification

Product Code

Product use

Iron Standard Solution 1000 mg/l as Fe⁺⁺

CRM0011

It is intended to be used as calibration of instrument, validation measurement using various spectroscopic or standard methods of analysis.

Composition /Information on ingredients

Component	Cas no.	Percentage
Iron metal	7439-89-6	≤ 1
Deionized water	7732-18-5	>98
Nitric acid	7697-37-2	≤2

Hazards information's

Hazard for normal use

May irritate eyes and skin

Target Organs

Acute Toxicity

Chronic Toxicity

Medical condition aggravated by Exposure

Low hazard when handled as per recommended laboratory Protocols.

Cause skin irritation, Cause serious eye irritation

low hazard

low hazard

No data available

May cause stinging or irritation in an open cut.

First aid measures

If inhaled After inhalation: fresh air

1.In case of skin contact in case of skin contact: Take off immediately all contaminated clothing. Rinse skin with water/ shower

2.In case of eye contact After eye contact: rinse out with plenty of water. Call in ophthalmologist. Remove contact lenses.

3.If swallowed: After swallowing: immediately make victim drink water (two glasses at most). Consult a physician.

Handling and storage

Store in cool place. Keep container tightly closed in a dry and well-ventilated place. & keep away from heat.

Physical and Chemical Properties

State

Clear liquid

Odor threshold

No data available

Sensitivity to mechanical impact

None

Specific gravity

No data available

Solubility in water

Soluble

pH

<2.0

Boiling point

No data available

Vapor density

Not determined

Stability and reactivity

The product is stable under recommended storage and handling conditions. No dangerous reactions are expected under normal laboratory use.

Toxicological Information

No data available

Ecological information

No data available

Disposal condition

Dispose of in a manner consistent Local Regulations.

Transport information

Product is not hazardous for transport.

Other information

The above information is believed to be accurate and represent the best information

Currently available to us. The Product is offered in accordance with the manufacturers' current production specification and are intended solely for use in analytical testing. The manufacturer shall in no event be liable for any injury, loss or damage resulting from the handling, use or misuse of these products.
